

# BIRDING HUNGARY WITHOUT A CAR, A KOWA, OR A CLUE!

Magyar Madarok  
(Hungarian Birding)

**FREE PROGRAM!**

Avid birder, environmental historian and Professor of History at UNH, **Kurk Dorsey**, recounts his entertaining adventures birding in Budapest, Hungary while living there for four months in the fall of 2011. With no car or scope and only limited ability to communicate, he still managed to see some of the great birds of Central Europe (and not get lost or cause an international incident!).

Thursday, January 19, 2017, 7:00 p.m.  
The Loon Center,  
Lee's Mills Rd., Moultonborough, NH  
Handicapped Accessible.
